

# GREENGUARD INDOOR AIR QUALITY CERTIFICATION<sup>SM</sup> A PROUD COMMITMENT TO CANADA.

When it comes to indoor air quality, energy efficiency and environmental initiatives Owens Corning is proud to lead the way. Owens Corning is pleased that the following products have been awarded GREENGUARD Indoor Air Quality Certification<sup>SM</sup>.

**NEW**  
**EcoTouch™**  
PureFiber™ Technology  
PINK™ FIBERGLAS® Insulation

## THE BEST CHOICE FOR ENERGY SAVINGS

Ideal for Attics • Basements • Walls • Ceilings • Floors • Crawl Spaces

- ✔ EcoTouch™ PINK™ FIBERGLAS® Insulation with PureFiber™ Technology
- ✔ PROPINK® FIBERGLAS® Blown Insulation
- ✔ EcoTouch™ QuietZone® PINK™ FIBERGLAS® Acoustic Insulation
- ✔ AttiCat® Expanding Blown-In Insulation
- ✔ FOAMULAR® CodeBord® Extruded Polystyrene Rigid Insulation
- ✔ FOAMULAR® C-200, C-300 Extruded Polystyrene Rigid Insulation
- ✔ FOAMULAR® 350, 400, 600, 1000 High Density Extruded Polystyrene Rigid Insulation
- ✔ FOAMULAR® INSULPINK® Extruded Polystyrene Rigid Insulation

INNOVATIONS FOR LIVING®

NEW

Think PINK™ 

With the GREENGUARD Certification Program<sup>SM</sup>, building professionals, homeowners and others concerned about the impact of products on indoor air quality, can be fully assured of the quality of using Owens Corning PINK™ insulation materials.

The only program of its kind, GREENGUARD Certification requires interior products and building materials to undergo rigorous emissions tests. The certification process involves the testing of products in dynamic environmental chambers for emissions of formaldehyde, volatile organic compounds (VOCs), respirable particles and other pollutants. The GREENGUARD Certification Program for indoor air quality complies with criteria set out by the U.S. Environmental Protection Agency (EPA), the U.S. Green Building Council's LEED® program, and other notable organizations.

Both the Occupational Safety and Health Administration (OSHA) and the EPA have cited indoor air quality as a critical environmental problem today. Only low-emitting products that do not compromise the air quality of indoor environments are awarded GREENGUARD Certification.

The pursuit of meeting strict indoor air quality (IAQ) standards is just part of Owens Corning's ongoing commitment to Canada.

*The GREENGUARD Environmental Institute, a non-profit organization, is not affiliated with any manufacturer or industry.*
